Happy Holidays! We've been able to spend some time with our friends and families and hope that you've done the same. We've also been hard at work figuring out the best way to plan for your retirement. Pensions and provident funds are important resources that can be used to facilitate a comfortable retirement but the intricacies can be intimidating; let us help you find out how you can maximise your investments.

Pension Adequacy in Cyprus

The recent move by policy makers all over Europe to raise the retirement age is a testament to the correlation between the length of employment and financial wellbeing in retirement. It is no secret that the pensioners of the future cannot count on the social security system to provide them with a comfortable retirement. An (employer sponsored) supplementary retirement plan is paramount to close the gap between pre and post-retirement income, also known as the replacement rate.
